THE WAR TROPHY TRAIN HERE TO-DAY.

The special War Trophy Train, sent out by the Government in the interest of the Fourth Liberty Loan, will arrive in Paris at 8:00 o'clock this (Friday) morning at the Tenth street L. & N. passenger station, and remain until 11:00. This train, as previously explained, carries seven cars loaded with exhibits of trophies captured from the Germans, and is a wonderful exposition of war relics.

The speakers who will accompany the train are Hon. Wood G. Dunlap, Hon. James G. Denney, of Lexington, and J. W. N. Stewart, of Ashland. All are orators of great eloquence and the audience will be assured of being told something of interest. Sheriff Wm. G. McClintock and a force of twenty deputies, and the police force, will be on hand to assist in handling the crowd, to see that there is no confusion and that everybody may have a chance to see all the exhibits. A force of bond salesmen will be on hand.

This exhibit is absolutely free of charge, and it is worth coming miles to see. The public is asked to be on hand early and stay until the train moves out. It is sent here for a patriotic purpose, and the Government wants everyone to see it. "Business can wait while this train is here," says the Government representative, Mr. Ralph Stickle. Let everybody be at the Tenth street station this morning to see this wonderful display!

Chairman Buckner Woodford has appointed Messrs. N. Ford Brent and Rudolph Davis as a committee to look after the members of the Great Lakes Naval Training Station Band and the War Trophy train during their stay in this city.

IN THE SERVICE OF THEIR COUNTRY.

Mr. Ben Fishback, who is stationed at the Naval Air Service Field, in Akron, Ohio, is a guest of his mother, Mrs. Ada Fishback, on Fifteenth street. He is soon to be transferred to another camp, and was given a few days furlough before reporting.

Private Robert Reynolds, who formerly resided near Paris, where he was engaged in farming, writes to friends in this city, announcing his safe arrival in a foreign country, as a member of one of the detachments of the American Expeditionary Forces.

According to advices received in this city by Mr. W. O. Butler, his son, Mr. Grover Butler, has been very ill in the Base Hospital at Camp Meade, Md., of pneumonia. Mr. Butler was transferred to Camp Meade a short time ago from Camp Zachary Taylor.

Mr. and Mrs. Thomas W. Current, of Millersburg, have returned to their home after a visit to their son, Mr. H. C. Current, who has been ill at Camp Gordon, near Atlanta, Ga. They report Mr. Current, who had been suffering from an attack of Spanish influenza, as being considerably improved.

Sergt. D. T. Brinson, who is stationed at Ft. Oglethorpe, Ga., accompanied by Mrs. Brinson, is visiting at the homes of several Bourbon county people this week. They were recent guests of Mr. and Mrs. Matt Lair, and were guests of honor at a dining given by Miss Julia Houston, at her home near Paris.

Robert Delaney, who left Paris some time ago to take a course of instruction in the Army Vocational Training School at Indianapolis, is here on a visit. Mr. Delaney has finished the course, and while contemplating engaging in war work, is at present engaged with an automobile firm in Indianapolis on special work.

First Lieutenant M. J. Stern arrived Wednesday night from Camp Wadsworth near Spartanburg, S. C., for a visit to his parents, Mr. and Mrs. A. Stern, in this city. Lieut. Stern is on special duty in the Base Hospital at Camp Wadsworth. He is looking every inch a soldier, and in splendid health. Lieut. Stern will be here several days.

Corporal Allen Huddleston, son of Mrs. Mozelle Huddleston, of this city, who has been ill for several days with bronchial trouble at Camp Zachary Taylor, was reported yesterday as being convalescent, and improving rapidly. Many of the soldiers at the camp have been on the sick list from bronchial troubles, said to have been produced by the heavy dust.

Dr. Lewellyn Spears, a former resident of Paris, and in late years engaged in the practice of medicine in Louisville, writes to his brother, Mr. Ben B. Spears, of Paris, announcing that he had crossed the Atlantic and landed safely at a foreign port of disembarkation. Dr. Spears is a member of the Irvine Able Hospital Corps, largely composed of Louisville doctors, enlisted men and nurses.

Former schoolmates in Paris of Lieut. Jos. E. Torrence, of Cynthiana, who was severely wounded in the battle of Soissons on July 17, have received letters stating that he has almost recovered and has been recommended to be sent home on furlough. Lieut. Torrence went to France in the same detachment and on the same transport with Lieut. Reuben Hutchcraft, Jr., of Paris. Both were students at the University of Kentucky.

Lyons, of Indianapolis, chief recruiting officer for the marines in this district, to open his office and enlist all applicants who have become 18 years old since September 12, regardless of the draft. Fifteen men enlisted in the corps and will be sent by the draft boards to Paris Island, S. C., between now and October 10.

To be a First Sergeant at the age of nineteen, probably being the youngest man in the United States army holding such a position, is the honor accorded to Harlan M. Hurst, of Millersburg, by the War Department. Young Hurst enlisted at Ft. Thomas, Ky., last June, at which time he had barely passed his nineteenth year by a day. He was sent to Camp Funston, in Kansas, where, in three weeks after his arrival, he was commissioned First Sergeant. He is with the Headquarters Co., 28th Regiment of the Tenth Brigade.

Capt. C. F. Koerner, lately of the Canal Zone, in Panama, is a visitor in Paris. He is en route to Newport

BACKWARD, TURN BACKWARD, OH, TIME, IN YOUR FLIGHT.

THE NEWS has received numerous inquiries as to what date the hands of the clock and watches will be set back to the old standard. The following information from Cincinnati is the best we can obtain at this time:

"CINCINNATI, Oct. 3.—The hands of all clocks will be turned back one hour Oct. 27.

"In England the change was made Sunday, and this originally was the plan for the United States, but the hour of daylight saved is so important in the winning of the war that it was decided to grab an additional month of 'more daylight.'

"John F. Colligan, clerk of the Western Union plant department, received official instruction not to make the change in Cincinnati until Oct. 27."

AGAIN PROMOTED

After having most worthily served an apprenticeship as ticket agent at the Tenth street passenger station of the Louisville & Nashville, in this city, Mr. Madison Smoot, son of Mrs. Gertrude Smoot, was sent to Cincinnati, where he was for a time in a similar capacity in the ticket office at the Grand Central Union Depot.

When Mr. Maurice Clark, of Paris, resigned his position as file clerk in the office of Mr. J. A. Morrison, Superintendent of this division of the Louisville & Nashville, the L. & N. officials, recognizing the need of a good man to fill the place, recalled Mr. Smoot, and set him to work in the position. Mr. Clark has joined the Students' Army Training Corps at the University of Kentucky, in Lexington.

ANTI-TOXIN IS FOUND TO PREVENT INFLUENZA.

Discovery of a serum which, he said, preliminary experimentation indicates will act as a preventive for Spanish influenza, is announced by Health Commissioner Copeland, of New York City. Tests have given promise of success, he said, with the result that the vaccine is being prepared for use by physicians and is ready for distribution in small quantities in a few days.

The serum discovered by Dr. William H. Parke, the Health Department bacteriologist, is made from influenza germs obtained from persons in the early stages of the malady, combined with bacilli produced at autopsies upon the bodies of victims of the disease. It is not claimed the treatment will cure the disease.

NOTICE TO VIOLATORS.

Some time since, our government asked all patriotic people to stop the use of motor cars on Sundays that they might conserve gasoline for war purposes. To a very large extent this request has been complied with, but it has come to our attention that in a few cases it has been overlooked. To the patriots, but thoughtless, we are sure that this notice will be enough. To the unpatriotic, you will know that a request from the government, in these strenuous times, becomes a law in loyal Bourbon county.

Any doctor, on professional business; any car on a mission of mercy; any church-goer, living outside of the city limits, is excepted from the regulations, but such cars should be placarded.

Every patriotic citizen of Bourbon county is a committee to take the number of any car in use on Sunday—not so placarded—and report same to the Sheriff's office, after which all names will be published.

THE RED CROSS TEA ROOM

The Red Cross Tea Room is doing a splendid business and the patronage bestowed upon it being most gratifying. The management has discontinued personal solicitation from house to house of supplies and edibles for the room, but they want it plainly understood that they must rely upon the people of the community for contributions. They ask that edibles of all kinds fruits, etc., be sent to the Room. Ham, eggs, milk, vegetables, butter, milk, cream, especially desirable. The ladies feel they are engaged in a patriotic cause, but even patriotism will lack fire and enthusiasm without material support.

No one will be personally solicited by the young ladies in charge of the Red Cross Tea Room next week, but any donations will be gratefully received. The following are suggested as being the most needed and useful: Poultry, ham, butter, eggs, milk, cream, vegetables, canned goods, oil for salad dressing, fruits, pies, cakes, beaten biscuits, etc. Miss Elizabeth Jasper will be in charge with the following young ladies as assistants: Misses Nancy Griffith, Belle Horton, Anna and Catherine Wilson, Mrs. Catherine Davis Craig, Mrs. George W. Clay, Mrs. Wade H. Whitley, Mrs. Lawrence Price and Mrs. F. G. Gordon.

The menu for to-day (Friday) is as follows:

Swiss steak; brains in timbales; potatoes; corn pudding; candied pears; Waldorf salad; ice cream and cakes; cream pie; sandwiches; coffee; tea milk; hot chocolate.

COURT RULING CUTS TEACHERS' SALARIES.

Circuit Judge Stout at Frankfort held that the act of 1918 providing for the discontinuing of warrants to pay teachers in the public schools their salaries, is invalid. This act proved that when there is not sufficient funds in the treasury to pay the school teachers that the Superintendent of Public Schools may certify the amount due to the State Auditor and the auditor in turn shall draw his warrant on the treasury for the amount due, and that this amount shall be discounted at the bank 5 per cent. The purpose of the discount is to pay the first installment of interest.

Judge Stout held that the act impaired the obligation of contracts, and that it violated the section of the constitution which prohibited the use of public school funds for any other purpose than the support of the public schools. Clarence Adams, president of the Franklin County Teachers' Association, brought the suit to test the law, and Judge Stout issued a temporary injunction against State Auditor Greene to restrain him from issuing the warrants providing for the discount. The effect of the act will cause the teachers in the public schools of this State to lose 5 per cent of their salaries paid by the State.

CONSERVE PAPER.

Beware of building bon-fires now-
days. They will betray you. A pa-
per famine confronts us and a bon-
fire is therefore an act of treason.

"Waste paper," you say? The answer
is, "There should be no waste pa-
per that the junk man cannot sal-
vage."

Waste paper to-day is worth good
money. Waste paper can be turned
into Thrift Stamps. Your patriotism
is therefore questioned if you in-
dulge in bon-fires. Your smoke and
flame will speak louder than your
words. Protest your loyalty if you
choose, but we'll fall to believe while
your sparks fly upward! If, in the
face of proven facts you persist in
wanting destruction of valuable ma-
terial, do not blame us if we doubt
you and act accordingly. Treason
consists in giving aid or comfort to
the enemy. Every bon-fire is a
Kaiser aid. You sign your own de-
cree when you apply the match. In
time of war, we are often forced to
make short shifts. Do not oblige us
to make a bon-fire a legal act of trea-
son.

Conserve your paper! Do not burn
it!

in view of the spread all over the
country of the dreaded Spanish in-
fluenza, the United States Board of
Health has issued the following ad-
vice:

"The health department sends out

following advice on how to avoid the
influenza: 'Don't crowd, don't worry,
don't put unclean things into your
mouth, don't eat or drink in dirty
places; don't eat without first wash-
ing the hands; don't expose yourself
to cold or wet, don't over exert and
avoid all excesses; don't go out if
feeling ill.'"

STATE BOARD OF HEALTH ISSUES INFLUENZA WARNING

In view of the prevailing epidemic
of Spanish influenza, which is caus-
ing many deaths in army camps and
as a general warning to the public,
the State Board of Health has asked
the press to give wide publicity to
the following proclamation:

"Bowling Green, Ky.,
September 30, 1918.

"Whereas, Influenza, a highly in-
fectious disease, in a severe and fa-
tal form, is wide spread in the Atlan-
tic Coast States, and, being caused
only by the easily recognized Pfeiffer
germ, which is spread along lines of
travel, and in communities and fam-
ilies, only by coughing and sneezing
people, who ought to be in bed or in
their rooms, has been brought to
Kentucky, and, not being an officially
quarantinable disease, threatens to
and is likely to become a widespread
epidemic in Kentucky unless the
prompt and intelligent co-operation
of the people can be secured in com-
bating it, and,

"Whereas, The precautions have
advised, important as to coughs and
colds, are made especially so in the
emergency now upon us for the pro-
tection at all times of our soldiers
with thousands being called to the
colors by the selective draft to reach
the camps within the next few weeks,
as well as for farmers, industrial op-
eratives and the noble women daily
laboring for the support and comfort
of our own and the allied armies, and,

"Whereas, The control of this dis-
ease (if successful, must come from
an educated public sentiment which
will patriotically demand the volun-
tary and systematic isolation in his
home or in a hospital during the
prevalence of the disease in any com-
munity, of every person who is af-
flicted with cough and sneezing, and
especially that such persons shall
not enter or remain in any public
conveyance, picture show, or other
assembly until the disease is under
control, and, that, therefore,

"Be It Resolved, That this Board,
in the discharge of a manifest public
duty and by virtue of authority vested
in it by law, hereby urges that all
patriotic people who show symptoms
of this disease, promptly isolate
themselves in their homes, for the
protection of their families, and that
a mask of two thicknesses of gauze
or cheese cloth be worn over the
mouth and nose where for any rea-
son, such isolation cannot be made
complete; it advises people to keep
away from all places of assembly in
any community where the disease is
prevailing; and it hereby expressly
forbids public funerals for those
dead of the disease and forbids itin-
erant shows of every kind from en-
tering or making exhibits within the
limits of this Commonwealth. If
these precautions are demanded by
public sentiment and systematically
carried out by every family and com-
munity, there need be little cause for
alarm, and the disease will soon be
under control.

"By authority of the Board.

GOVERNMENT APPEALS FOR FRUIT PITS, NUT SHELLS, ETC.

Poison gas was one of the first
fruits of Kultur. It stings, blinds
and kills. Charcoal of carbon made
from fruit pits and nut shells is used
to neutralize it.

The government needs carbon. It
asks the boys and girls of America to
save:

(a) Peach pits; (b) Apricot pits;
(c) plum pits; (d) cherry pits; (e)
prune pits; (f) hickory nuts; (g)
walnuts; (h) butternuts; (i) shells
of these nuts.

Method: (1) Select a leader or
leaders; (2) give publicity to the
campaign; (3) dry pits thoroughly
in the sun; (4) bring them to a cen-
tral collecting station; (5) notify
Chemical Warfare Service, Washing-
ton, D. C.; (6) bills of lading, ship-
ping instructions and bags will be
sent.

Two hundred peach pits or seven
pounds of nuts produce enough car-
bon for one gas respirator. Carbon is
made from fruit stones and nut
shells.

B-4 FIRE INSURE WITH W.O. HINTON & SON, AGTS

\$20,000 FIRE DAMAGE IN LeBUS
WAREHOUSE.

Tuesday morning Mayor E. B.
January received a telephone call
from Cynthia, asking that he send
assistance to that city to help check
a big fire then raging in the large
warehouse of Mr. Clarence LeBus.

Mayor January soon had a lot of
hose loaded in the big truck and
within forty-five minutes the Paris
fire-fighters were in Cynthia helping
combat the flames.

The fire burned the large frame
warehouse belonging to Mr. LeBus,
which is located on the line of the L.
& N. Railroad, in Cynthia, together
with a quantity of tobacco, baled
hay, entailing a loss of around
\$20,000.

Several adjacent buildings, among
them Poindexter's tobacco barn, Mc-
Clelland's stable, Hutchinson's restau-
rant and office at Raymond's lumber
yard, were also damaged. Five
buildings were afire at one time and
the fire department had its hands
full to prevent a general conflagra-
tion.

A large brick tobacco warehouse,
just across the alley from the main
fire, also belonging to Mr. LeBus and
containing 10,000 bushels of wheat
was saved by hard work, only the
roof of this structure being slightly
damaged.

YOUTHFUL OFFENDER AR- RESTED

Will Gatewood, a colored boy
aged fifteen, was arrested by Chief
of Police Link and Patrolman Lusk
and taken to jail on a charge of be-
ing on premises. Gatewood was dis-
covered in a room on the second floor
at the residence of Rev. Father De-
Bruyn, adjoining the Catholic church.
He could give no satisfac-
tory reason for being there.

Gatewood has been in trouble be-
fore, but was out on probation. One
day last summer he knocked down a
small boy who was carrying an ice
cream freezer full of cream and ate
the cream. He will be given a hear-
ing before Judge George Batterson in

SCHOOLS TO HELP OBSERVE CO- LUMBUS DAY.

Columbus Day, October 12, will be
fittingly celebrated this year in the
public schools of this State. State
Superintendent Gilbert has issued a
proclamation instructing all the
teachers in the public schools of
Kentucky to prepare for a patriotic
celebration on that day. His procla-
mation follows:

"In co-operating with and at the
request of the National Bureau of
Education and Treasury Department,
we urge all teachers, pupils and
school officials to observe October 12
as Columbus Day in celebration of the
discovery of America. You will re-
ceive suggestive programs and we
know that Kentucky will be found
as in all other patriotic efforts, at
the forefront in making this day a
memorable success, thus rendering a
great service in the promotion of the
ideals for which our nation is now
making heroic sacrifice.
"I am writing the authorities at
Washington that we will make good."

MASTERFUL WAR PLAY IS "THE GREAT LOVE."

Internationally famous as the
world's greatest exponent of the
cinema art, David Wark Griffith is
the creator of the screen's most re-
markable triumphs. That his genius
has accomplished more to elevate the
motion picture to its present high
standard than any other agency, is
apparent to everyone. His sensa-
tional departures in photoplay pro-
ductions are film history and the men-
tion of his name in connection with
a screen offering always excites anti-
cipation for something new in the
way of advanced cinema technique.

Mr. Griffith spent many months in
England and France during the past
year and on his return to this coun-
try, he produced "Hearts of the
World" which was presented with
enormous success in New York. His
latest offering, which deals with the
great social transformation effected
in England by the war, is "The Great
Love," and this will be presented at
the Paris Grand Opera House, Friday,
October 4. The photoplay is said to
be a remarkable one and that it will
attract great interest here is un-
doubted.

While the entire story has not been
revealed by Mr. Griffith, enough of
it is known to enable readers to get
a fairly accurate idea of the theme.
It deals with a young American who
enlists in the Canadian army when he
reads of the German atrocities in
Belgium and goes to England. While
training near London, he meets and
loves a charming Australian girl who
reciprocates his passion.

When this girl falls heir to a vast
fortune, an unscrupulous English
baronet seeks to force her into mar-
riage with him, and this affair is in-
terrupted by international complica-
tions and the operations of German
spies. The girl later finds "the great
love" in unremitting service for
country and the cause of world's
democracy. Many famous English
society women assist in the develop-
ment of the story as workers in hos-
pitals and munitions factories, and in
this respect the photoplay is said to
be one of the most remarkable ever
produced.

Born at LaGrange, near Louisville,
Ky., Mr. Griffith is the son of the late
Brigadier General Jacob Wark Grif-
fith, C. S. A.

LETTERS FROM BOURBON COUNTY SOLDIERS AND SAILORS

Baldwin Woods, of Paris, who is in England with the Barrow Base Hospital Unit No. 40, writes to his mother, Mrs. Jack Woods, in this city under date of Sept. 12, as follows:

"Dear Mother: I received your letter today, and you know I was certainly glad to hear from you. I had a long letter to-day from brother, saying he was in the Quartermaster's Corps. He writes like he would like to come over here, but I think he will be stationed there for a long time yet, as the Quartermaster Corps does not come over as fast as the other men. I would sure like to see Duke in a soldier's suit. I rather lonesome over here just now. Twenty-five of our men left today for 'somewhere.' There were two Paris boys in the bunch, Tom Pritchard and Clarence Buchanan. They certainly did hate to leave. Tom was, I know. We might see them again. One of the boys started to sing 'My Old Kentucky Home,' but couldn't finish, as he wound up crying. I don't think we will stay here very long. I am willing and ready to go myself. I received a nice lot of things, but the best things came from the Red Cross. I want you to thank them for me. I would like to tell you a few things about over here, but am afraid of the spies. There is an order out not to mention anything concerning troops, etc.

"I am now working under Sgt. Hoggins, and we are surely doing some work, hauling all the material for this place and equipping it. I don't think we will work in the Hospital, as there is an army of women there called 'Wacks' who do all the work on the inside. I wish you could see us over here with these English belles. Every girl you meet wants to know if we are married. They will ride twenty miles on their bicycles to call on the boys. This is no joke, as I know of two who rode fifteen miles on their bikes to see Whaley and Houston. Last week we were entertained by four negroes from the States. They played all kinds of music, including rag time and patriotic airs for us.

"Tell the boys that if they knew how badly they are needed over here they would get ready and come without being drafted. I would like to lay my hands on a Hun, as I surely would try to put him out of business. I want to put one to sleep before I get back, and I am going in to it like a man, and come back safe. Tell Lauthman that Harrison Scott, the fellow that tried to sell him the case about two years ago, asked about him, and asked to be remembered to him. Prof. Bruce Reynolds, the violinist, formerly of Lexington, also asked to be remembered to him.

"Well, mother, guess I will have to stop, as I have about run out of news. I would like to write more in detail, but I am afraid the censor will get hold of me. Hoping to hear from you and the rest of the family very soon, I am

"Your Loving Son,
"BALDWIN."

Leo Grosche, formerly of Paris, now in France, as a member of the Railway and Telegraph Signal Service with the American Expeditionary Forces, sends his brothers, Jos., Will and Henry Grosche, in this city, the following interesting letter:

"France, Aug. 24, 1918.
"Dear Folks:—It is now 1:00 p. m., and we can send out no more mail after 2:30 p. m. before leaving our present location, so will scratch off a little note to break the long interval between letters. Do not know where we go from here or when we start, but it will be soon, and I imagine it will be the longest trip we have taken. With the exception of some papers and the letters from Bert and Henry from West Baden, I've had no mail in three weeks and believe me I miss it. I believe there will be a big bunch of mail awaiting us at our next destination. Went to Paris and spent a day last week, but did not spend much time in Paris; in fact, went to Versailles to see the Royal Palace. I'll have to leave a description of my trip there until my next letter, as time is at a premium this afternoon. My teeth are getting in fairly good condition again and do not think it will be long before they are O. K. again. Did not get the bridge work fixed though, and will have to wait until the next stop for that. Must quit for this time, and you will get a long letter from me at next stop. Love and best wishes to all. Affectionately,

"LEO."

"Expect to get started on this trip to-night or to-morrow, and if we should pass through a town where American soldiers are located, I'll hand this to one of them to mail.
"Again we've moved and settled down, and further from the front than ever. Made about a 250-mile trip getting here. I had to travel with the bunch on the railroad train this time, as our Company, E, handled the kitchen on the truck train. We traveled in box cars with lots of straw on the floors, but that did not keep the dinky French box cars from bouncing all over the road bed. They are about half the size of the box cars in the States, and just have the capacity of 10,000 kilos, or, in good old English, 11 tons, are equipped with four wheels, and when they are rolling at a pretty good clip bounce like a rubber ball.
"They have larger cars than we traveled in, but they are few and far between. The box cars Uncle Sam has over here look like mountains beside them.
"Our trip was interesting, but tiresome, before it was finished. Only made short stops, usually just long enough to eat. Stopped at Orleans and the bunch was taken up in the town. I was on K. P. duty

and lost out. On our way here saw a lot of what Uncle Sam is doing and the enormity of the stunts he is putting over on the Boche in getting ready for this war, and, considering the starting conditions and time in which he had to do it, the results are simply wonderful. Our trip lasted five days and I did most of my riding on flat cars where our rolling kitchen was located, and got a pretty good view of the country. The town we are in it in Northwestern France and is St. Andre De Eauk, in the same State as Vallet. It is within five miles of one of the largest seaports in France. Nothing to the town, in fact, it is the smallest we have camped in yet, and also a very poor section of the country. Very little of the country is under cultivation and the main crop seems to be wild blackberries. The roads for miles around are simply loaded down with berries and the French people will not touch them, saying they are no good and at home we are crazy about them. One of the best treats we have had in the way of eats since we got to France. Have berry picking details every day and eat blackberry pie, fritters and blackberry everything.

"Practically all the houses here have thatched roofs, and that with the big wind-mills, remind a person more of Holland than of being in France. We are billeted in a school-house and in our pup-tents. Had our choice of camping places, and, although the nights are becoming cool, I preferred the 'pup.' I'm becoming a chronic fresh air fiend. I like this fresh air business fine and am going to sleep in my tent just as long as the weather possibly permits. My bunkie now is a fellow named Bob Lassiter, from St. Louis. I've sorter chummed with him since coming to France anyway. The two of us have built broad sides to our tent, making it about two feet higher, giving us plenty of room to sit up inside the tent, and be really comfortable, and also removes the necessity of crawling in backwards on our hands and knees when we want to go to bed. A strange way to get in to tent, but nevertheless true, when you have no sideboards. It behooves us to make ourselves as comfortable as possible, as we expect to be here for two or three months.

"At last I've escaped from K. P. I have to relieve the man on officers mess every fourth day, but at that I'm pretty well pleased with the change. Do not know when we will start on our regular work here. In the meantime, though, there is always something to do. Digging post holes in this neck of the woods will be no cinch, as most of the digging will be through rock. I've recently received letters from Will, Henry and Bert. Also had a nice long letter from Mr. Brown, and two bunches of Detroit papers, and must say that 'To the Kaiser's Aids' is great stuff. I have also been receiving the Cincinnati Enquirer and home papers pretty regularly. It's nearly mess time, so I'll bring this to a close and leave the answering of your letters to the next time. Love and best wishes to all.

"Affectionately,"

"LEO."

Wayne Cottingham, of Paris, has been transferred from ordinary soldier work at Camp Zachary Taylor to a "responsible position" in the Finance Office of the Quartermaster's Department at the camp. Wayne writes THE NEWS another of his interesting letters, which we reproduce below:

"Camp Taylor, Ky.
"Dear NEWS:—If he was anything like his namesake, old Zachary Taylor held all records for being industrious. Work, like Spanish 'flu' is all the rage here at present. Trying to dodge it is just as easy as shooting fish or trying to borrow some money.
"I am working in the finance office temporarily, and have to pound a typewriter from daylight until taps at 11 p. m., in an effort to get our 'hired hands' paid their thirty kopeks, minus \$6.50 insurance, \$15 allotment, etc., on time. In this office everybody works, including the officers. That's unusual, but the commissioned specie set the pace for the whole bunch. This job reminds me a great deal of newspaper work—all you have to do is work.
"I suppose Paris is as lively as ever—traffic cops on all the corners. And I suppose the whole town enjoys the same recreation on Sunday afternoon as it did when I was there—walking down to see the creek. At any rate the creek does move. When is Paris going to awake and open picture shows on Sunday? Even Rip Van Winkle only slept twenty years.
"Yes, I am in a rather pessimistic mood to-day. This is Sunday and I couldn't get a pass to Louisville because of the prevalence of Spanish influenza and the issuing of only one-fourth as many passes as formerly.
"All the crowd I came to camp with were transferred to the artillery range at West Point to-day, leaving me here by my lonesome. But I guess I'll follow in their steps soon. After two months' training we'll go across, according to rumor. That, of course, means peace by Christmas. Otherwise they wouldn't send this fighting battalion over there.
"As this is Sunday, my wash day, I will have to strain my back over a wash-tub for an hour or so, so must close and go at it. Give my best regards to everyone from the 'devil' clean on up including the printers, yourself and the editor.
"Sincerely,

"WAYNE COTTINGHAM,
"Finance Office Q. M. Detachment,
"Camp Taylor, Ky."

Mrs. Henry J. Santen received the following letter a few days ago from

Forward!

With no thought of bursting shrapnel and poisonous gases into which they plunge—with every muscle tense, with every faculty of mind alert, with one thought only—TO FIGHT AND WIN.

That is the way our men are going into battle. When the shrill whistle sounds the advance, out they go—their whole heart in the task before them. No power on earth can hold them back.

Forward!

The same sharp challenge to battle is sounding for us. We must answer in the same proud way—the way of our fighting men—the American way. We must lend the way they fight.

We must show the war-maddened Hun a united American people moving forward shoulder to shoulder, irresistibly, to Victory.

Our task is to supply the money, the ships, the guns, the shells that we must have to win. It is a tremendous task. We must do it as our fighting men do theirs—with the indomitable spirit of Victory.

We must work, and save, and lend with one thought only—TO FIGHT AND WIN.

Get into the fight—with your whole heart. Buy Bonds—to the utmost!

her son, Bernard J. Santen, who was recently transferred from Camp Zachary Taylor to an Eastern Camp. Mr. Santen, in a previous letter, intimated that he was getting ready for a trip over the ocean. The subjoined letter was written on board the transport which took him, with his companions, to join the American forces already overseas:

"On Transport.

"Dear Mother:
"We are still on the water, but hope before night to see the dear old land once more, and there is not a soul on board who will not be glad, as we have been on the water long enough and will be contented when in sight of land.

"We have had a fine voyage, except we had about four days of real rough seas, and the old ship would pitch about, but all is well that ends well and it looks as if we will say that in a few more hours. As far as I know we haven't seen a submarine and I am just a little bit sorry, for I would like to have seen our crew sight one and then blow it to kingdom come, but it is better perhaps, we did not, as we were just that much safer. We have a number of destroyers along as protection the last few days and that has made us all feel easier, as we have the protection of their guns and their watchfulness.
"Uncle Sam isn't taking any chances with his troops and sees that they are all safely guarded while going across. I have been feeling just fine on the trip and haven't been sick a day and that is saying a whole lot, for quite a number were, but they got over it in a short time. We have had lovely meals while on board and much better than while in camp. Just think, we have had pork chops and link pork sausage—some eats, and I had nearly forgotten how pork tasted, it had been so long since I had any. The days don't seem so long as you would imagine, and while we have been on a week, it has passed quickly, as there are so many of us and don't get very lonesome, but with all that I only want to make one more trip, and that is coming back, for I will take the land two to one for the sea, as I like to see something besides just water day after day.

"It is a wonderful sight to see the sun rise in the morning, but not any prettier than it is back home, in my opinion. We have been honored by

having Mr. Baker, Secretary of War, along on this trip, and through his permission we are allowed to mention this fact, otherwise we could say nothing. I won't be able to write much, but what I can say I will, and try to let you know we are allowed to write, and please see, mother, if you can send me some of the papers once in awhile. I would sure like to see a BOURBON NEWS right now. Tell papa if he can get me the account of each world series games and mail them first-class postage, and I would like to have the Enquirer account if possible.
"Pray hard for me. Keep up your courage for my sake, and write whenever you can, and with all the love in the world for all of you, I am, Your Son,
"BERNARD J. SANTEN.
"P. S.—Will write again as soon as I have the chance."

IT'S A MISTAKE—MADE BY MANY
PARIS RESIDENTS

Many people in a misguided effort to get rid of kidney backache, rely on plasters, liniments and other makeshifts. The right treatment is kidney treatment and a remarkably recommended kidney medicine is Doan's Kidney Pills. Paris is no exception.

The proof is at your very door. The following is an experience typical of the work of Doan's Kidney Pills in Paris.

Chas. Stewart, tinsmith, Lilleston avenue, Paris, says: "I have had three or four attacks of lumbago in the past few years, the first being the worst. There was a constant, dull ache in my back and often sharp, cutting pains darted through it. It sometimes seemed as though I could hardly endure the misery. I tried different remedies to no avail until I got hold of Doan's Kidney Pills, procuring them from the Ardrey Drug Co. The first box helped me and I continued taking them until cured. Attacks since then have always been slight and Doan's Kidney Pills have never failed to relieve me."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Stewart had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

GOVERNMENT MAY MERGE THE TELEGRAPH COMPANIES.

As an evidence of the intention of the Government to merge the telegraph companies in the near future, officials of the Postal and Western Union were in Paris yesterday in consultation with Postmaster J. Walter Payne in regard to the matter. Those who participated in the conference were J. F. Looney, of Indianapolis, Ind., Superintendent of the Postal Telegraph and Cable Co., J. B. Cheatham, District Superintendent of the Western Union Telegraph Co., H. D. Wheatley, representing the United States Government, C. H. Barfield, District Foreman of the Postal and Postmaster J. Walter Payne, representing the Postoffice Department.

The conference was held for the purpose of discussing the proposed consolidation of the two companies in this district, as Postmaster-General Burleson desires to promote efficiency and economy in the service. On July 1 the telegraph companies of the entire nation were consolidated under the direction of Mr. Burleson, and it is now proposed to house both companies under one roof and have one general office.

The instrument, bearing date of Sept. 8, 1897, and witnessed by W. M. Miller and Thos. E. Savage, of Millersburg, leaves the entire estate of the testator, real, personal and mixed, to his widow, Mrs. Fannie A. Thorne, for life. According to the terms of the will, Mrs. Thorne was named as executrix of the estate without bond, and the Court was asked to require no appraisal of the estate.

CITY BOARD OF HEALTH ISSUES INFLUENZA WARNING

A Precaution: To prevent the presence and spread of epidemic influenza the City Board of Health suggests that people who suffer from pain in the head, eye, back and in other parts of the body, accompanied by general lassitude or weakness, chilly sensation, a sudden rise of temperature, with some discharge from nostrils, eyes red and a slight cough, should not go into crowded places, e. g., picture shows, churches, cars, etc.

When sneezing or coughing do not neglect to protect the other person by using handkerchief at mouth or nostrils.

Plenty of fresh air, good food, regular hours and habits will go far towards the protection of the community against the probable dangers of the above disease.

WANTED GOOD THING.

Paris people certainly appreciate a good newspaper. Several of them suffered a lapse of memory as to dates of issue, and came for their papers yesterday, under the impression that it was Friday. Seems they couldn't wait, so anxious were they to get THE NEWS.

As compared with the registration in 1917, the Democrats have sustained a loss of 161, while the Republicans have gained 29. The registration was a light one, not much interest being manifested.

GREAT LAKES BAND COMING ON OCTOBER 7.

Definite announcement has been made of the coming of the Great Lakes Naval Band. The band will arrive in Paris at 7:59 p. m. on Monday, Oct. 7, and will give a concert, the weather permitting, in front of the court house. They will leave at 7:45 on the following morning for Maysville.

The Great Lakes Band is the one which toured this State during the Third Liberty Loan. It scored heavily everywhere it played, and will do so again. Full details will be given in successive issues of the local press before the date of the band's appearance here.

The concert at the Paris Grand will begin promptly at 7:30 p. m., as soon as the band arrives from the train. The Community Chorus, of sixty voices, will have a prominent place on the program, and will render a program of camp and patriotic airs. A mistaken impression has gotten out in some unaccountable manner that an admission fee will be charged. There will be absolutely no charge, admission free to everyone. The public is extended a cordial invitation to come to the Opera House at 7:30 o'clock Monday night, and hear this fine band.

BOURBON COUNTY'S THERE!

In a special dispatch from its correspondent at Washington, D. C., the Louisville Courier-Journal places Bourbon county, Ky., as being one of the few and first to make a prompt report of "going over the top" in over-subscribing its quota for the Fourth Liberty Loan.

One paragraph in the dispatch stated:

"Here in Washington, where hundreds of Kentuckians are now employed, and where they eagerly grasp every little bit of news from the old State, it was a matter of pride to them when they learned that Bourbon county had gone over the top in the Loan drive." Paris, the county seat, has several representatives here, and the way they celebrated the good old town's accomplishment made Kentuckians feel mighty good. Bourbon county, Kentucky, has made a record that will stand out by itself when the Liberty Loan history is written in the reports."

The exact figures to date for an aggregate total in the Fourth Liberty Loan drive in Bourbon remain close around that given out Wednesday, \$827,150. To this must be added the subscriptions of the Louisville and Nashville employees, which are reported at about \$30,000. This has to be reported through Cleveland, O. It will bring the total up to \$854,150.

TRACTION OFFICIALS CONFER REGARDING "DINKY" SCHEDULE.

Several weeks ago, the Kentucky Traction and Terminal Co., instituted a slow schedule and new six-cent fare rate for the operation of the city car on their lines in this city. The schedule and the rate both brought out many protests from patrons of the line, with the result of causing considerable discussion and dissatisfaction. No action was taken in regard to the matter at the time.

Yesterday Messrs. J. R. Bush and J. H. Dailey, representing the Traction Co., came to Paris and held a conference with Mayor E. B. January and other interested officials in regard to restoring the old schedule and the old five-cent fare. Nothing was given out for publication after the conference, but enough was gathered to surmise that the changes will be made shortly to the entire satisfaction of the patrons and the traction people.

LANSING SENDS DEFI TO GERMAN "KULTUR."

WASHINGTON, October 3.—The American Government, in reply to Germany's threat to execute American prisoners of war found in possession of shotguns, Monday gave notice that if Germany carries out any such threat suitable reprisals will be taken.

Secretary Lansing's reply, made public Monday, declared that the use of shotguns is sanctioned by The Hague convention, and that in comparison with other weapons now used in modern warfare the shotguns used by the American troops can not be the subject of legitimate or reasonable protest.

"If the German Government should carry out its threat in a single instance," says Secretary Lansing's reply, "it will be the right and duty of the United States to make such reprisals as will best protect the American forces, and notice is hereby given of the intention of the Government of the United States to take such reprisals."

While Austrian "stool pigeons" are trying to hasten peace to please the Kaiser, Ludendorff thinks peace is coming too fast now for his peace of mind.

DIATETICS TO BE TAUGHT IN BOURBON SCHOOLS.

A course in diatetics was given last week at the Kentucky Experiment station, in Lexington, to a group of home demonstration agents called from Bowling Green, Elizabethtown, Shelbyville, West Liberty, Maysville, Paducah and Paris. Miss Alice Foot gave the lectures in preparing the agents to give a series of new demonstrations arranged to teach diatetics to home demonstration clubs of women and girls of the State.

Those in attendance were: Mrs. Martha Golson, Paris; Martha Potter, Bowling Green; Miss Lilly Godman, Elizabethtown; Mrs. Mary Harbison, Shelbyville; Miss Leona Carter, West Liberty; Miss Mary McDowell, Shelbyville; Miss Artie Ashbrook, Maysville, and Miss Minnie Parker Durham, of Paducah.

The county agents in Bourbon, Shelby and Graves will begin at once a course of 16 lessons in diatetics to be given in the county high schools or higher grade schools. Arrangements have been made by the superintendents to put in domestic science equipment and credit for entrance to University of Kentucky will be allowed to all girls above the eighth grade who attend one day a week until the end of school.

AN UNCONDITIONAL SURRENDER ONLY TERMS FOR GERMANY

(New York Commercial.)

German newspapers savagely attack Senator Lodge for stating America's war aims in such clear words that none can twist their meaning. Pan-Germans declare that such expressions by the Republican leader of the Senate, which will have to ratify any treaty that may be signed, render a peace understanding impossible.

If we win this war there will be no such treaty of peace. The struggle will end with unconditional surrender. Germany will have no voice in settling the terms under which she will thereafter exist if Americans have their way. The Huns have forfeited all claims to consideration, and they can only obtain a negotiated peace by winning the war. We shall not destroy the German people, but we shall destroy Prussian militarism and the machinery of war that threatens the peace and safety of the world.

Senator Lodge has apparently succeeded in crystalizing public opinion in England, where his speech has been received with enthusiasm. He speaks for the majority of his countrymen who have determined to put an end to Germany's power to wage another war. Germany has refused to recognize or respect treaties. Her violation of the Belgian treaty was followed by similar violations of treaties with Russia and Roumania. Why let her sit at the council board when no faith can be put in her?

When the Civil War came to an end the fallen Confederate States signed no treaty with the United States Government. By their action, but not by written or spoken words, they submitted to the will of the victor. Germany has less right to ask for a peace of understanding or a negotiated treaty because she has violated the laws of God and man, and has put herself below the level of the most degraded savages. The civilized world combined nearly a century ago to suppress piracy and the slave trade on the high seas. Twenty-one nations are now united in a similar effort to end forever the new form of piracy and slave trading which the Huns introduced into this conflict. These modern pirates and slave raiders deserve no more consideration than those who disappeared from the high seas with the advent of the steamship.

Senator Lodge put into words what is in our hearts. He is not restricted, in speaking for America, by official position or diplomatic usage. He has struck the keynote of this war as it now affects his country.

CAN NOW EAT AND SLEEP IN COMFORT.

If troubled with indigestion or sleeplessness you should read what Miss Agnes Turner, Chicago, Ill., has to say: "Overwork, irregular meals and carelessness regarding the ordinary rules of health, gradually undermined it until last fall I became a wreck of my former self. I suffered from continual headache, was unable to digest my food, which seemed to lay as a dead weight on my stomach. I was very constipated and my complexion became dark, yellow and muddy as I felt. Sleeplessness was added to my misery, and I would awake as tired as when I went to sleep. I heard of Chamberlain's Tablets and found such relief after taking them that I kept up the treatment for nearly two months. They cleansed my stomach, invigorated my system, and since that time I can eat and sleep in comfort. I am to-day entirely well."

BERNSTORFF HELD UP.

WASHINGTON, Oct. 3.—Count von Bernstorff, former Ambassador from Germany to the United States, is reported to be marooned in Constantinople as a result of Bulgaria's surrender to the allies. In view of the possibility of Turkey following the example of Bulgaria, Count von Bernstorff's position is an embarrassing one, and his only apparent way of escape now is to cross the Black Sea to Odessa and then reach Germany through Russia.

BRONCHIAL TROUBLE.

Mrs. A. E. Sidenberder, Rockfield, Ind., states: "For an attack of bronchial trouble which usually assails me in the spring I find Chamberlain's Cough Remedy the only thing that gives me relief. After using it for a few days all signs of bronchial trouble disappear."

It was announced that the vessel, which is ready for launching, is 96 per cent complete.

Peace bid from Turkey expected momentarily.

Northern suburbs of Cambria in British hands.

SINCERE GRATITUDE

Mrs. William Bell, Logansport, Ind., writes: "I deem it my duty to express my gratitude for the good Chamberlain's Colic and Diarrhoea Remedy did me when I had a severe attack of diarrhoea three years ago. It was the only medicine that relieved me."

Candy cathartic is harmless to tender stomach, liver and bowels

Your child is bilious, constipated, sick. Its little tongue is coated, breath is bad and stomach sour. Get a 10-cent box of Cascarets and straighten the youngster right up. Children love this harmless candy cathartic and it cleanses the little liver and thirty feet of bowels without griping. Cascarets contain no calomel and can be depended upon to move the sour bile and poison right out of the bowels. Best family cathartic because it never cramps or sickens like other things. (adv)

ATTENTION! Sick Women

To do your duty during these trying times your health should be your first consideration. These two women tell how they found health.

Hellam, Pa.—"I took Lydia E. Pinkham's Vegetable Compound for female troubles and a displacement. I felt all run down and was very weak. I had been treated by a physician without results, so decided to give Lydia E. Pinkham's Vegetable Compound a trial, and felt better right away. I am keeping house since last April and doing all my housework, where before I was unable to do any work. Lydia E. Pinkham's Vegetable Compound is certainly the best medicine a woman can take when in this condition. I give you permission to publish this letter."—Mrs. E. R. CRUMMING, R. No. 1, Hellam, Pa.

Lowell, Mich.—"I suffered from cramps and dragging down pains, was irregular and had female weakness and displacement. I began to take Lydia E. GALLANT CONFEDERATE OFFICER DEAD IN LEXINGTON

LEXINGTON, KY., Oct. 3.—Full of years and honor, Colonel Richard C. Morgan, prominent citizen, gallant Confederate soldier and last remaining brother of General John Hunt Morgan, noted Confederate cavalry leader, as well as last surviving member of that chivalrous chieftain's staff, passed peacefully away at his home, 408 West Third street, in Lexington, Saturday night at 9:30 o'clock in his eighty-second year.

Death was due to uremic poisoning and was not unexpected by his physician, members of his family and friends, who realized several days ago that the end was near.

Just two weeks ago, on Sept. 13, Colonel Morgan celebrated his eighty-second birthday, and although in frail health, he was able to see a few of his friends and neighbors, who called at his home to offer felicitations.

After his strength seemed gradually to fail, and several days before the final summons came he lapsed into a semi-conscious condition and passed into that dreamless sleep that knows no waking.

Colonel Morgan is survived by his widow, Mrs. Alice B. Morgan, and several nephews and nieces.

He was one of five brothers who were prominent in the community in their day and who helped to make history. They were General John Hunt Morgan, Calvin Morgan, Charlton Morgan, Alexander Morgan and the deceased, who was the last of the famous family.

NOTES OF THE OIL FIELDS.

The Station Camp Oil Co., in which local men are interested, brought in their Well No. 7, on the Callahan lease in Lee county on Wednesday. The well has not been tested, and its capacity was not given out yesterday. Drilling is proceeding on the Bingham lease. Work will begin in about three weeks on the P. G. Cox lease. All these holdings are in the same territory, on Ross Creek.

Paris will in the future, be headquarters for Mr. S. V. Brens, formerly prominent newspaper man of Frankfort and Middlesboro. Mr. Brens has taken a position as publicity man for the Bourbon Oil & Development Co., of Paris, and when not engaged in field work for the company, will be in Paris. Mr. C. L. Bell, manager of the company, is also a newspaper man, having been in the business at Albany, Ky.

The Bourbon Oil & Development Co. are doing some new development work. The company has closed a contract with B. F. Wilson, of Huntington, W. Va., to drill four wells on their holdings on Station Camp Creek, near the Estill-Jackson county line.

Mr. Wyatt Thompson, of Paris, representing the Columbia Oil & Gas Co., escorted a party of stockholders on an inspection tour in Lee county this week. Several of the party were women. Through a misunderstanding conveyances intended for the party were sent to another place. The women were game, however, securing horses, made the trip over the territory in good shape. They were well pleased with what was to them a novel outing a la horse-back.

Do You Need Glasses?

Let us make a thorough, scientific examination of your eyes, based on ethical grounds, not to recommend glasses unless you need them. Ask yourself these questions: "Do I have headaches, nervous spells, drawn, tired eyes? Does type sometimes blur? Do I see spots before my eyes?" Answer fairly and squarely, for your own good, for over-strain repeatedly day by day will break down the delicate nerves and muscles of the eyes and irreparable injury may result. Our years of experience insures accurate results.

The locks were somewhat old at that time, as they were brought to Millersburg by Louis Vimont I, from France in 1780 or 1782. The first bank building was in a small room in the North end of the home of the present Miss Lizzie Vimont, and is now used by her for a coal house. These locks have been in the Vimont family since their arrival from France. The Vimonts are of French origin, and the ancestors of those now residing here came directly from France.
